FRANCK TAYLOR. LERIMOTON, Va., July 19, 1849.

EPILEPSY, OR PALLING SICKNESS, EPILEPSY, OR FALLING SICKNESS, in systerical fits, convulsions, spasms, &c. It is well known that from time immemorial, physicians have pronounced epiteptic fits incurable. It has buffled all their skill and the boasted power of all medicine, and consequently thousands have suffered through a miserable existence, and at last yielded up their lives on the ALTAR OF INSANITY.

The proprietor of the Vegetable Extract, however, feels no delicacy in saying that it can be cured. He would, therefore, respectably invite physicians, and all others who are interested, to examine the testimony which is here offered. If it is deception, let it be exposed; but if it is true, then in the name of humanity no longer let it be said that epilepsy is incurable.

HART'S VEGETABLE EXTRACT,

For sixteen years has been tested by many persons who have suffered with this dreadful disease, and in every case where it has had a fair trial has effected a permanent cure.

Colonel Denslow, of Yonkers, New York, states that his daughter has been afflicted with fits for more than nine years, and has been cured by the use of the Vegetable Extract.

Mrs. J. Brailey, 115 Orchard street, New York, states that she has been subject to fits for many years, and has been restored to perfect health (after every other means had failed) by the use of the Vegetable Extract.

Dr. Charles A. Brown, of Dover, Russell county, Alabama, who is one of the neet physicians in the State, says that he has been much benefitted by the use of the Vegetable Extract, and that he unhesitatingly prescribes it in every case of epilepsy which comes under his knowledge.

one of the next physicians in vegetable Extract, and that he unhesitatingly prescribes it in every case of epilepsy which comes under his knowledge.

Curtis G. Mayberry, esq., formerly postmaster at Lime Mills, Crawford county, Pennsylvania, now living in Erie county, Pennsylvania, attacts that for many years past he has been sorely afflicted with first and he is now hange to state that a persovering use of Dr. Hart's Vegetable Extract has restored him to sound health, being entirely freed from that worst of all diseases.

Judge Rundall, 158 Henry street, New York, having used the Vegetable Extract successfully in his family, highly recommends it to all persons who are afflicted with fits.

Mr. Stephen E. Fratt, corner of Sixth avenue and Twenty-sixth street, New York, states that Mr. Charles H. Boughton, a member of his family, has been so severely afflicted with epileptic fits for many years, that he was obliged to relimquish his business. Having used Dr. Hart's Vegetable Extract, (says Mr. Pratt.) he was soon restored to perfect health, and left this city for the State of Ohio to resume his business. business.

Rev. Mr. Smith, Rector of St. Peter's church, Spotswood, New Jersey, who has been afflicted with opileptic fits for more than forly years, states that he has used Dr. Hart's Vegetable Extract, and his health has been so much improved that he hopes, by Divine blessing, to have no more fits.

EPILEPTIC FITS. EPILEPTIC FITS,

For twenty-seven years and six months, cured by the use of this truly wonderful medicine.

Read the following remarkable case of the son of Wm. Secore, esq., of Philadelphia, afflicted with epileptic fits twenty-seven years and six months. After travelling through England, Scotland, Germany, and France, consulting the most eminent physicians, and expending or medicine, medical treatment and advice, three thousand dollars, returned with his son to this country in November last without receiving any benefit whatever, and was cured by using

HART'S VEGETABLE EXTRACT.

HART'S VEGETABLE EXTRACT.

I have spent over three thousand dollars for medicine and medical attendance. I was advised to take a tour to Europe with him, which I did. I first visited England; I consulted the most eminent physicians there in respect to his case; they examined him and prescribed accordingly. I remained there three months without perceiving any change for the better, which cost me about two hundred and fifty dollars, pocketed by the physicians, and the most that I received was their opinion that my son's case was hopeless, and the POSITIVELY INCURABLE.

I accordingly left England; travelled through Scotland, Germany, and France, and returned home in the month of November last, with my son as far from being cured as when I left. I saw your advertisement in one of the New York pripers, and concluded to try Hart's Vegetable Extract, seeing your statements and certificates of so many cure, some of twenty and thirty years' standing, and I can assure you I am not sorry I did so, as by the use of Hart's Vegetable Extract alone he was restored.

tract alone he was restored to PERFECT HEALTH.

His reason, which was so far gone as to unfit him for business, is entirely restored, with the prospect now before him of him, health, and usefulness. He is now 28 years of age, and 27 years six months of this time has been sufficied with this most dreadful of diseases; but, thank God, he is now enjoying good health. Now, sir, faith without works I don't believe in. To say I shall be ever grateful to you is one thing; and as I here enclose you one hundred doitine, I have no doubt but you will think this another and quite a different thing. The debt of graitude I still owe you; but please accept this amount as interest on the debt in advance. Yours, very respectfully, (signed)

The time is not for distant when thousands who are now trambling under the hand of this dreadful disease, and fearing that-every attack may prove fatal, will find permanent relief, and be restored to new the control of the beneficial results produced by the use of Dr. Hart's Vegetable Extract.

This is not to cater for the vicious appetite engendered and fed by much of the light literature of the day, nor is it simply to furnish agreeable and entertaining reading for a leisure hour. Judge Lessis, Lancaster, Pa.

It gives me great pleasure to recommend to the patronage of the public the periodical entitled the "Lancas" Werath." The ability with which the work is conducted, and the highly clevated character of its general contents, entitle it to the special isour of the moral and religious portion of society. Each number is beautifully illustrated with engravings, executed in a masterly style. It is edited by Mrs. S. T. Martyn, a lady of high literary reputation, and one of the best writers in our country. All things considered, f know of no work of the kind more deserving of public patronage.

I have examined very extensively the periodical entitled "Tax

kery chep, elegant, and instructive periodical. The highly moral and
religious aims of the work, and the excellent lessons it contains it
relation to the formation and improvement of character—specially
female character—make it an admirable book for families, whilst the
elegance of the embellishments and the style in which it is "got up,
render it an ornament to the centre table.

Governor Cooldige's Recommendation.

I have derived much pleasure from the perusal of the "Ladres' Wasayn," edited by Mrs. S. T. Martyn, and published in the city of New York. My examination of the work has led me to regard it as emmently calculated to create a pure laste, and fix sound, norsal, and religious principles in all who shall habitually read it. If it be found, as I think it will, supplianting the various periodical and occasional publications that by their sickly sentimentality, now enervate the minde, and corrupt the hearts of tens of thousands in our country, and stimulate vicious propensities to early budding, the accomplished conductor of the work will not have inbored in value.

The highly virtuous tone of its reading matter, the beautiful style of its embellishments, the excellence of its typography, with the low price at which it is offered, all units to very strongly recommend it to the patronage of every family in the land.
